EXPERIENCE

Coding Club President Oct. 2021 – June 2024
St. Robert Catholic High School Thornhill, ON

- Taught Python to up to 40 students, created course materials, and hosted school wide coding competitions.
- Trained students with minimal coding experience for the Canadian Computing Competition.
- Under my leadership, student participation in coding competition and events nearly doubled.

C++ and Web Development Course Designer and Instructor July – Aug. 2022 & 2023
Toronto Internationally Educated Individuals Association Markham, ON

- Taught C++ and web design to a group of students between the ages of 10-15 across North America.
- Developed all course content, including lectures and homework, ensuring it catered to various learning levels.
- Received overwhelmingly positive feedback from parents and directors. Invited back to teach in subsequent years.

FIRST Robotics Team Programmer May 2023 – Feb. 2024
Ram's Robotics Thornhill, ON

- Programmed the robot's movement, vision, sensors, and game strategies for competition.
- Collaborated with team members to implement code for optimal robot performance.
- The team won first place in two qualifying competitions and achieved second place at the provincial level.

Private IB French Tutor Oct. 2023 – May 2024
Freelance Markham, ON

- Provided personalized tutoring for IB French curriculum.
- Enriched the student's understanding of key concepts and provided exam techniques.
- Increased the student's mark from 70% to 85%+ within the first month.

EDUCATION

University of Waterloo 200 University Ave. West, Waterloo, ON
Honours Computer Science (co-op) Sep. 2024 – Present

St. Robert Catholic High School 8101 Leslie St, Thornhill, ON
Top performing International Baccalaureate (IB) diploma graduate Sep. 2024 – May 2024

- Achieved 42/45 diploma points, global average is 30/45
- Grade average of 97%
